MEMORANDUM TO FILE

TO: File

FROM: Malika Davis, Public Utility Analyst *MD*

CC: Ms. Muriel LeClerc, Spark Energy

SUBJECT: In The Matter of Perigee Energy, LLC for A Name Change to Spark Energy, LLC
(Submitted November 14, 2017 and Filed on January 31, 2018) – PSC Docket No. 18-0011

On November 11, 2017, Perigee Energy, LLC ¹ ("Perigee Energy" or the "Company") submitted a request to the Delaware Public Service Commission ("Commission") to change its name to Spark Energy, LLC ("Spark Energy"). On January 11, 2018, Staff of the Commission requested additional information to complete the application. On January 31, 2018, the Company provided the information need to complete its application.

In the application in the instant docket, Perigee Energy is requesting the name change to be effective immediately. Included in the application was documentation from the Delaware Secretary of State and the Delaware Division of Revenue that Spark Energy is legally authorized and qualified to do business in the State of Delaware.

The Company provided the notification that will be sent to Customers in accordance with 26 *Del. Admin. C.* §3001 (the "Supplier Rules").² The Company provided its Contract Summary and Terms of Service for Residential and Small Commercial Customers for Staff review. The documents complied with the Supplier Rules. It does not appear that the requested name change will affect Electric Supply Service to any Delaware Customers.

The Company's request for a name change appears to be reasonable and meets the requirements of Supplier Rules. Staff, therefore, recommends the Commission recognize the name change of Perigee Energy to Spark Energy effective immediately.

¹ An Electric Supplier Certificate was issued to Perigee Energy by Order No. 8314 on March 19, 2013 in PSC Docket No. 13-6.

² Unless otherwise noted, all references to capitalized terms are set forth in the Supplier Rules.
